

Appeals

IEBP will conduct a full and fair review of your appeal. The appeal will be reviewed by appropriate individual(s) on the IEBP staff for internal review; or a health care professional with appropriate expertise during the initial benefit determination process. The appeal filing deadline below could be superseded by network contractual obligations.

The appellant may request an independent review from an independent state licensed external review organization that is credentialed under URAC (Utilization Review Accreditation Commission). The external review will be conducted by a random URAC selected reviewer who was not consulted initially during the external clinical excellence review.

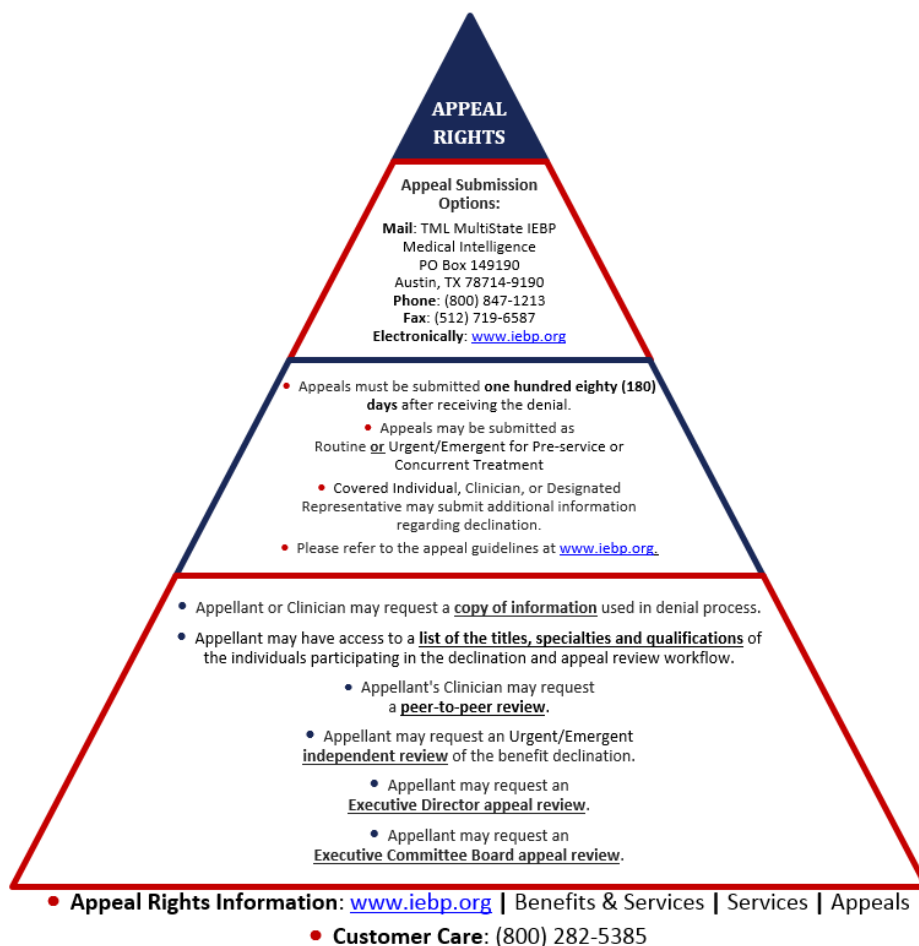

Once the review is complete, if the denial is maintained, the appellant will receive a written explanation of the reasons and facts relating to the denial.

This EOB will give the reason(s) the claim was denied. If the Covered Individual or provider of services does not agree with the claim decision or alleges that a contractual prompt payment requirement was not followed in the administration of a claim, he or she may submit an appeal within defined timelines. Relevant information supplied by the Covered Individual or Health Care Provider should be included with the appeal.

For claims denied or partially denied for not being notified, the appeal must include:
