

## OptumRx Political Subdivision Formulary

OptumRx administers your prescription benefit plan. Our goal is to provide the highest quality pharmaceutical care, at lower costs.

The most effective way to control costs is through the use of generic drugs and a drug formulary.

\$	Drug Tier	Includes	Helpful Tips
 \$	<b>Tier 1 Lowest Cost</b>	Lower cost, commonly used generic drugs. Some low cost brands may be included.	Use Tier 1 drugs for the lowest out-of-pocket costs.
 \$\$	<b>Tier 2 Mid-range Cost</b>	Many common brand-name drugs, called preferred brands.	Use Tier 2 drugs, instead of Tier 3, to help reduce your out-of-pocket costs.
 \$\$\$	<b>Tier 3 Highest Cost</b>	Mostly higher cost brand drugs, also known as non-preferred brands.	Many Tier 3 drugs have lower cost options in Tier 1 or 2. Ask your doctor if they could work for you.

**Some of the medications on this list may NOT be covered by your plan. Their presence on this list does NOT guarantee coverage.**

<b>Bold type = Brand-name drug</b>	Plain type = Generic drug	<u>Underlined</u> = Cost Share drug
