

Political Subdivision Preferred Formulary

The most up to date formulary is located under "Benefits & Services > Prescription Benefits" at www.iebp.org.

BriovaRx, The OptumRx Specialty Pharmacy administers your prescription benefit plan. Our goal is to provide the highest quality pharmaceutical care, at lower costs.

The most effective way to control costs is through the use of generic drugs and a drug formulary.

\$	Drug Tier	Includes	Helpful Tips
 \$	Tier 1 Lowest Cost	Lower cost, commonly used generic drugs. Some low-cost brands may be included.	Use Tier 1 drugs for the lowest out-of-pocket costs.
 \$\$	Tier 2 Mid-range Cost	Many common brand-name drugs, called preferred brands.	Use Tier 2 drugs, instead of Tier 3, to help reduce your out-of-pocket costs.
 \$\$\$	Tier 3 High Cost	Mostly higher cost brand drugs, also known as non-preferred brands.	Many Tier 3 drugs have lower cost options in Tier 1 or 2. Ask your doctor if they could work for you.
 \$\$\$\$	Tier 4/Cost Share Highest Cost	High cost brand and generic drugs that have very similar or equivalent low cost alternative drugs.	Lower cost alternative drugs are listed in the Cost Share Copay Drugs section of this guide.

*Drugs may transition from tier to tier per benefit plan year. Member cost effective tier transitions will be implemented during the benefit plan year to ensure membership receives benefit of managing their out of pocket prescription costs.

Some of the medications on this list may NOT be covered by your plan.
Their presence on this list does NOT guarantee coverage.

Bold type = Brand-name drug	Plain type = Generic drug	<u>Underlined</u> = Preferred for their cost & effectiveness
Ⓜ = Call member customer service		* = Tier 3 Preferred
